

Overview

Flex Tray is a large three compartment tray that easily holds an entire meal or accommodate menus with large portion sizes and ensures the security of inmates and officers alike in the kitchen! These 3-compartment silicone trays are naturally non-stick and are perfect for meal delivery with insulated food warmers, or however you serve your meals in your facility or institution.

- With the Flex Tray series from Cooks, it is virtually impossible to make a sharp weapon from the tray
- This 3 compartment tray is ideal for retherming or transporting in a heated cabinet
- With its natural non-stick surface, even the toughest stuck on foods will wash off easily
- Maximum 3 compartment capacities: 32 oz., (2) 16 oz.
- NSF listed
- 2 Year "No Questions Asked" Full Replacement Warranty
